

## MIND READER

Think of a number.  
Multiply it by 3.  
Add 6.  
Take away your number.  
Divide by 2.  
Take away your number.  
You have finished with 3.

How does this work?

## HELP

Think about what happens **to the number** in the following steps

(and ignore what you add on to it):

- Think of a number.
- Multiply it by 3.
- Take away your number.
- Divide by 2.
- Take away your number.
